Pete Korellis  
Korellis Roofing Inc.  
1333 169th Street  
Hammond, IN 46324

Dear Pete:

As a Firestone Master Contractor, you have demonstrated your commitment to superior quality, skilled workmanship and top-notch service. You have also consistently gone above and beyond, upholding Firestone's high standards for roofing installation excellence and embodying the qualities of a true industry leader. For these reasons, we are pleased to present you with the prestigious 2014 Firestone Building Products President's Club Award.

Master Contractors who accrue the highest number of Quality Points during 2013 earn the 2014 President's Club Award. Quality Points are awarded for exceptional inspection ratings and total square footage of Firestone Red Shield® warranted roofing system installations.

We are excited to help you share this noteworthy achievement. We will provide complimentary marketing support to help you spread the word, including a customized local press release, an enhanced company listing featuring the "PC" designation on the Firestone corporate website, and the opportunity to submit significant projects for case study or project profile consideration. You are also eligible for additional co-op advertising dollars and discounts on Firestone merchandise and apparel.

Thank you for your loyal support and for demonstrating your commitment to quality every time you step foot on a roof. We are pleased to call you our partner.

With my sincere congratulations,

Timothy Dunn  
President, Firestone Building Products
